**Angelique Kidjo: Talking Head's *Remain In Light***

**Thursday, April 11 at 7:30pm at UPAC in Kingston**

Global pop star and 3-time Grammy winner Angélique Kidjo has partnered with 2015 Grammy producer of the year Jeff Bhasker (Kanye West, The Rolling Stones, Beyonce) for a full circle re-imagining of Talking Heads' 1980 landmark album *Remain in Light*. The original album, considered to be one of the greatest albums of that decade, was influenced by music from West Africa, notably Fela Kuti's afrobeat. This remarkable new collaboration is a radical statement and positions the Benin-born artist as she's never been heard before. In 2017, Kidjo premiered this musical project at New York's Carnegie Hall and at Bonnaroo (David Byrne came out of the audience to sing with her during the Carnegie Hall show). The shows were met with raves and she will perform the album in concert throughout 2019.

**Tickets; \$46-\$66 based on location. Members get \$5 off.**
